## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the prior art fails to suggest an air intake apparatus comprising a middle piece defining a partitioning wall with a hole having a valve and a valve drive provided on the middle piece, the middle piece dividing a surge tank into two chambers, and bottom and upper pieces secured to the middle piece by vibration adhesion, as set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Drawings

The drawing of figure 5 is objected to: because figure 5 is prior art, it must be labeled "Prior Art".
